JACOB PUMPHREY, SOUTHERN ARKANSAS UNIVERSITY DIRECTOR OF ATHLETICS

## COMMENTS FROM THE COMMISSIONER

The AIC, dating back to 1928, is an NAIA affiliated conference composed of nine institutions in the state of Arkansas. The conference is rich in tradition and has been the touchstone for the athletics programs of many of Arkansas' finest colleges and universities which foster strong commitments to excellence, both in education and athletics.

Several institutions and individuals have received local, state, and national recognition through success in AIC athletics. More importantly, all have been enriched as a result of the associa-

tion brought about by conference competition within the AIC.

Throughout the years, the AIC has sponsored competitions and championships in several sports. Many individuals are able to recall specific plays and situations from one or more of the thousands of games, meets, and matches contested under the AIC banner. Most, if not all, can recall the players and the coaches, some of whom are legendary, and the spectators, support personnel officials, alumni, students, parents, faculty and administrators who all made the AIC what it is.

In one more year, when the final whistle blows, the last finish line is crossed, the game-ending out is called and the dust settles, the AIC will be "what it was". While it is sad to contemplate the end of anything that has been good, my guess is that when the AIC and the people involved in it are remembered, smiles of satisfaction will come to the faces of many.

It is hoped that this directory and review of sports will be useful to you.
